With a huge range of events and competitions of these types, there is something for everyone either to earn or learn. And it's not just winning that counts in the Inter-college Competition, there is a large emphasis on participation. And surprisingly our students from **DYPTC** and **DYPIM** won the prizes and cash rewards for the multiple events.

In the Management Event (**Chanakya Niti**), a student from DYPIM, Ambi namely “**Sunil Bhabad**” backed the first prize with a cash amount of 7,000 and indeed it was one of the proud moments for us where several colleges participated and our student stood at the top of all.

Counting continues till the sports event as well where the other students from DYPIM namely **Sankalp Patil** and **Nikhil Sharma** stood at 3rd rank in the **Table Tennis**. **Shailesh Kangulkar** along with other students' from our campus also participated for the volleyball tournament and won the first prize. All the students were awarded with the participation certificate.
