16. Strength and Weaknesses of the University

16.1 Strengths of the University

1. Infrastructure and Lush Green Campus

The university boasts a state-of-the-art infrastructure that supports both academic excellence and student well-being. The lush green campus provides a serene and peaceful environment conducive to learning. The ample green spaces, well-maintained gardens, a flood light equipped cricket stadium, and natural surroundings help reduce stress and promote a balanced lifestyle for students. Additionally, the campus is equipped with modern facilities like libraries, laboratories, sports complexes, recreational spaces, and hostels, which ensure a comfortable and holistic student experience.

2. Brand Name and Legacy of D.Y. Patil University

D.Y. Patil University is recognized as a prestigious educational institution, with a long-standing legacy of over three decades in providing quality education across various disciplines. Its brand name is synonymous with academic excellence, and the university's history of nurturing successful professionals across sectors adds significant value to its reputation. This legacy attracts top students and faculty, strengthening the university's position in the higher education landscape.

3. Passionate and Visionary Promoters

The promoters of D.Y. Patil University are driven by a vision of creating a world-class educational institution that provides high-quality learning experiences and empowers students to excel in their chosen fields. Their passion for education and commitment to advancing knowledge ensure that the university remains at the forefront of innovation and academic progress. Their focus on student development and academic quality nurtures a thriving educational environment that attracts both national and international students.

4. Strong Industry Connect

D.Y. Patil University has established strong connections with a variety of industries, providing students with opportunities for internships, projects, and placement support. These industry tie-ups ensure that the curriculum remains relevant to the changing job market and equips students with skills that are in demand. The university's strategic collaborations with leading companies and organizations offer practical exposure to real-world challenges, enhancing employability and career prospects for its graduates.

5. Multidisciplinary Environment

The university nurtures a multidisciplinary approach to education (nine different schools are at the campus), allowing students to explore and develop expertise across various fields. This environment encourages cross-disciplinary collaboration, critical thinking, and innovation. Whether in engineering, business, healthcare, or architecture, students at D.Y. Patil University could engage with diverse perspectives, thereby broadening their knowledge base and improving their ability to solve complex problems.

6. Affordable Fee Structure

Compared to many other reputed private institutions, D.Y. Patil University offers a relatively affordable fee structure. This makes it an attractive option for students from various financial backgrounds, ensuring that a quality education is accessible to a larger segment of society. The reasonable fee structure enables students to pursue their academic and career goals without financial barriers.

7. Faculty Achievement

Our faculty members are deeply involved in research activities, regularly publishing papers in high-quality journals, securing copyrights, and filing patents. They actively engage in prestigious research conferences, contributing to academic

advancements. In addition to their research pursuits, we organize faculty development programs and encourage faculty members to participate in external development opportunities, fostering continuous professional growth.

8. Student Development

At D Y Patil University, we take great pride in our vibrant student council, which organizes a variety of competitions, co-curricular and extra-curricular events and celebrates all major festivals on campus. Our students are actively engaged in numerous competitions, co-curricular, and extracurricular activities. We encourage students to collaborate with faculty members on research projects, enabling them to publish papers and secure patents, thereby contributing to academic innovation and development.

9. Antrang

Antrang is the University's annual cultural extravaganza, a week-long event organized by students under the guidance of faculty members. It provides a platform for students to showcase their talents in various cultural programs, such as dance, drama, music, skits, and more. The event also includes inter-school competitions, promoting creativity and fostering a spirit of friendly competition among students.

10. Honhar Bharat:

Honhar Bharat is the flagship program of the University, held annually for 2-5 days to provide a platform for discussions, discourse and debate on topics of national importance. The event attracts a wide array of prominent figures, including thinkers, philosophers, social workers, corporate leaders, entrepreneurs, and bureaucrats. This initiative benefits students, faculty, and society at large by promoting insightful discourse and contributing to societal development.

11. Rajbir Trophy:

T Rajbir Trophy is our annual sports event, held over a week, featuring inter-school competitions in sports such as Chess, Football, Cricket, Volleyball, Basketball, Kho-kho, Kabaddi, and more. The event promotes teamwork, resilience, and perseverance, helping students develop essential life skills like accepting failure, building endurance, and fostering a sense of camaraderie.

12. Student Clubs:

Students on campus have ample opportunities to explore and nurture their interests by joining various clubs, such as the Mudra Club, Astronomy Club, Coder Club, and Photography Club. These clubs provide a platform for students to engage in activities related to their passions, from stargazing and coding to capturing stunning visuals. Additionally, the Film Club and Singing Club offer creative outlets for students interested in filmmaking and music. For those with a flair for drama and performance, the Theatre Club is the ideal space to hone acting skills. The Storytelling and Book Reading Clubs foster a love for literature and narrative expression. Meanwhile, the Sports Club organizes a variety of competitions and events to keep students physically active and connected through team activities.

13. National Cadet Corps (NCC)

At D.Y. Patil University, students actively participate in the National Cadet Corps (NCC), an organization under the Ministry of Defence, Government of India. The NCC wing aims to develop selected cadets' personalities, instill a sense of duty, discipline, professional skills, and patriotism. Through rigorous training, NCC fosters qualities such as leadership and commitment, preparing cadets to contribute meaningfully to nation-building. The program emphasizes responsibility, social i gration, and a strong sense of national pride, encouraging students to serve both the country and their communities.

14. National Service Scheme (NSS)

The National Service Scheme (NSS) at D.Y. Patil University, Pune, is an initiative designed to engage students in public service and community development. Launched by the then Union Education Minister V.K. Krishna Rao in 1969, NSS is a voluntary program that encourages students, both male and female, who are above the age of 18, to actively participate in various social welfare activities. The program aims to promote social responsibility, leadership, and awareness among students, encouraging them to make a positive impact on society while building a sense of unity and service.

15. International Collaboration

D.Y. Patil University, Pune, has made significant efforts to foster international collaboration, partnering with institutions such as INTI University, Malaysia, for student exchange programs. Additionally, we successfully organized an International Faculty Development Program (FDP) in collaboration with INTI University, with participation from 850 faculty members representing over 12 countries. Starting January 2025, the first batch of students from the Management and Engineering faculties will participate in a semester exchange program. We also have a partnership with USAI International, which facilitates global immersion experiences for students across various countries.

16. Student Academic Development

In alignment with the National Education Policy (NEP) 2020, D.Y. Patil University has introduced initiatives to enhance student learning. We actively encourage participation in MOOCs (Massive Open Online Courses) such as NPTEL, Coursera, SWAYAM, EdX, and more. Upon successful completion and examination, students are awarded academic credits, in accordance with UGC guidelines. Additionally, the university offers provisions for extra credits to further support student development.

16.2	Weaknesses of the University

being the Self-financed Private University in Pune all stakeholders have expectations from D Y Patil University. These expectations are to be delivered with plans for the next five years and to be implemented with effective and well defined systems, procedures and administration.

the University to show cause within forty-five days as to why an order of its liquidation should not be made.

(2) If the Government, on receipt of reply of the University on the notice issued under sub-section (*1*), is satisfied that there is a *prima facie* case of contravention of all or any of the provisions of this Act or the rules, statutes or ordinances made there under or of contravention of the directions issued by it under this Act or of ceasing to carry out the undertaking given under section 5 of this Act, or of financial mis-management or mal-administration, it shall make an order of such enquiry as it may consider necessary.

(*3*) The Government shall, for the purpose of any enquiry under sub-section (*2*), appoint an inquiry officer or officers to inquire into any of the allegations and to make report thereon.

(*4*) The Enquiry Officer or officers appointed under sub-section (*3*) shall have the same powers as are vested in a civil court under the Code of Civil Procedure, 1908 while trying a suit in respect of the following matters, namely :— 5 of 1908.

(*a*) Summoning and enforcing the attendance of any person and examining him on oath ;

(*b*) requiring the discovery and production of any such document or any other material as may be predicable in evidence ;

(*c*) requisitioning any public record from any court or office ; and

(*d*) any other matter which may be prescribed.

(*5*) The inquiry officer or officers, inquiring under this Act, shall be deemed to be a civil court for the purposes of section 195 and Chapter 26 of the Code of Criminal Procedure, 1973. 2 of 1974.

(*6*) On receipt of the enquiry report from the officer or officers appointed under sub-section (*3*), if the Government is satisfied that the University has contravened all or any of the provisions of this Act or the rules, statutes, or ordinances made there under or has violated any of the directions issued by it under this Act or has ceased to carry out the undertakings given by it under section 5 of this Act or a situation of financial mis-management and mal-administration has arisen in the University which threatens the academic standard of the University, it shall issue a preliminary order for the liquidation of the University and appoint an administrator.

(*7*) The administrator appointed under sub-section (*6*) shall have all the powers and be subject to all the duties of the Governing Body and the Board of Management under this Act and shall administer the affairs of the University until the last batch of the students of the regular courses have completed their courses and they have been awarded degrees, diplomas or awards, as the case may be.

(*8*) After having awarded the degrees, diplomas or awards, as the case may be, to the last batches of the students of the regular courses, the administrator shall make a report to this effect to the Government.

(*9*) On receipt of the report under sub-section (*8*), the Government shall, by notification in the *Official Gazette*, issue a final order dissolving the University and from the date of publication of such notification, the University shall stand dissolved and all the assets and liabilities of the University shall vest in the sponsoring body from such date.

Secretary level Committee.

48. (*1*) Immediately after the commencement of this Act, there shall be established a Secretary Level Committee in order to verify and ensure compliance of the requirements to the guidelines relating to the establishment of self-financed universities, framed by the State Government from time to time ; and of the undertakings submitted by the sponsoring body. The committee shall consist of the Secretaries-in-charge of the Higher and Technical Education Department, the Finance Department and the Planning Department.

(*2*) The committee constituted under sub-section (*1*), shall submit its report to the Government.

(*3*) On receipt of the report under sub-section (*2*), the State Government shall, publish a notification in the *Official Gazette* allowing the operationalization of the University.

(*4*) The University shall, admit the students only after issuance of the notification under sub-section (*3*).

Inspection by Secretary Level Committee.

49. The Secretary Level Committee established under sub-section (*1*) of section 48 of this Act may carry out an inspection of the University as and when directed by the Government and verify and ensure compliance of the requirements of the guidelines issued by the State Government or the Central Government, from time to time, relating to the establishment of self-financed universities and of the compliance of the provisions of the relevant laws for the time being in force.

Power to make rules.

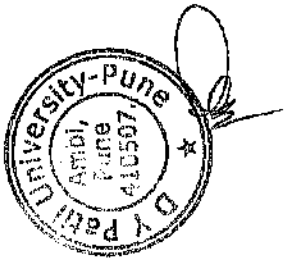

50. (*1*) The Government may, by notification, make rules for carrying into effect the purposes of this Act.

(*2*) Without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely :—

(*a*) matters to be prescribed under clause (d) of sub-section (*4*) of section 47 ; and

(*b*) any other matter which is required to be, or may be, prescribed by rules.

(*3*) All the rules made under this Act shall be laid, as soon as may be after it is made, before each house of the State Legislature, while it is in session, for a total period of thirty days which may be comprised in one session or in two successive sessions, and if, before the expiry of the session in which they are so laid or the sessions immediately following, both Houses agree in making any modification to the rule or both Houses agree that the rule should not be made, the rule shall from the date of publication of a notification, have effect only in such modified form or be of no effect, as the case may be ; so, however, that any such modification or annulment shall be without prejudice to the validity of anything previously done or omitted to be done there under.

Power to remove difficulties.

51. (*1*) If any difficulty arises in giving effect to the provisions of this Act, the Government may, as occasion arises, by an order published in the *Official Gazette*, do anything not inconsistent with the provisions of this Act, which appears to it to be necessary or expedient for removing the difficulty :

Provided that, no such order shall be made after the expiry of a period of two years from the date of commencement of this Act.

(*2*) Every order made under sub-section (*1*), shall be laid, as soon as may be after it is made, be laid before each House of the State Legislature.

8. Research Advisory Committee and its functions

8.1. There shall be a Research Advisory Committee, or an equivalent body for similar purpose as defined in the Statutes/Ordinances of the Institution concerned, for each Ph.D. scholar. The Research Supervisor of the scholar shall be the Convener of this Committee. This committee shall have the following responsibilities:

8.1.1. To review the research proposal and finalize the topic of research

8.1.2. To guide the research scholar to develop the study design and methodology of research and identify the course(s) that he/she may have to do.

8.1.3. To periodically review and assist in the progress of the research work of the research scholar.

8.2. A research scholar shall appear before the Research Advisory Committee once in six months to make a presentation of the progress of his/her work for evaluation and further guidance. The six-monthly progress reports shall be submitted by the RAC to the school and department with a copy to research scholar.

8.3. In case the progress of the research is unsatisfactory, the Research Advisory Committee shall record the reasons for the same and suggest corrective measures. Further, if the research scholar fails to implement these suggestions or corrective measures, the Research Advisory

Committee shall submit the recommendations in writing with specific reasons for cancellation of the registration of the research scholar to School/Department and Controller of Examinations for necessary action.

8.4. After submission of a research proposal by a student for registration to the Ph.D. degree course, the student along with his guide should be called before an (RAC) Scrutiny Committee for oral presentation. The Scrutiny Committee will go into the details of the proposal and will instruct the student to submit the proposal or improve the proposal or resubmit the proposal for the consideration of the Committee. The quorum for the Scrutiny Committee shall be three members. In case of the resubmission of the proposal, specific written instructions should be given to the concerned candidate. Resubmitted proposal will be forwarded to the Chairman of the RAC along with his remarks to the University office.

8.5. The procedure and processing of applications will be as follows:

All applications will be placed before the Research Advisory Committee for provisional approval of titles of proposed research work. In case of revision recommended by the Research Advisory Committee, the concerned Dean and HOD shall approve the revised proposal

i) After the approval of the title and synopsis by the Research Advisory Committee, the candidate will be in the first instance asked to pay the necessary fees and on receipt of fees, a provisional admission letter will be issued which will be confirmed on the fulfillment of eligibility conditions.

ii) On approval by the Research Advisory Committee, the final letter will be issued to the candidate, copy of which will be endorsed to all concerned.

iii) In case of non-confirmation of the topic by the Research Advisory Committee leading to rejection, the fees except registration fee and eligibility fees will be refunded with a deduction of 10% administrative expenses.

iv) After final registration, the title along with details of the student, guide, and institute shall be announced on the web to avoid duplication.

9. Evaluation and Assessment Methods, minimum standards/credits for award of the degree, etc.

9.1. Upon satisfactory completion of course work, and obtaining the marks/grade prescribed in sub-

clauses 7.7 above, as the case may be, the Ph.D. scholar shall be required to undertake research work and produce a draft dissertation/thesis within a reasonable time, as stipulated by the department/school based on these Regulations.

9.2. At least 3 months prior to the submission of the dissertation/thesis, the scholar shall make a presentation in the Department before the Research Advisory Committee of the Institution concerned which shall also be open to all faculty members and other research scholars. The feedback and comments obtained from them may be suitably incorporated into the draft dissertation/thesis in consultation with the Research Advisory Committee.

9.3. The Controller of Examination of the DYPU shall evolve mechanism using well developed software and gadgets to detect plagiarism and other forms of academic dishonesty. While submitting for evaluation, the dissertation/thesis shall have an undertaking from the research scholar and a certificate from the Research Supervisor attesting to the originality of the work, vouching that there is no plagiarism and that the work has not been submitted for the award of any other degree/diploma of the same Institution where the work was carried out, or to any other Institution.

9.4. The Ph.D. thesis submitted by a research scholar shall be evaluated by his/her Research Supervisor and at least two external examiners, who are not in employment of the University/School, of whom one examiner may be from outside the state/country. The viva-voce examination, based among other things, on the critiques given in the evaluation report, shall be conducted by the Research Supervisor and at least one of the two external examiners, and shall be open to be attended by Members of the Research Advisory Committee, all faculty members of the Department, other research scholars and other interested experts/researchers.

9.5. The public viva-voce of the research scholar to defend the dissertation/thesis shall be conducted only if the evaluation report(s) of the external examiner(s) on the dissertation/thesis is/are satisfactory and include a specific recommendation for conducting the viva-voce examination. If one of the evaluation reports of the external examiner in case of Ph.D. thesis is unsatisfactory and does not recommend viva-voce, the DYPU shall send the thesis to another external examiner out of the approved panel of examiners and the viva-voce examination shall be held only if the report of the latest examiner is satisfactory. If the report of the latest examiner is also unsatisfactory, the dissertation/ thesis shall be rejected, and the

research scholar shall be declared ineligible for the award of the degree.

9. 6. The DYPU shall develop appropriate methods so as to complete the entire process of evaluation of Ph.D. thesis within a period of six months from the date of submission of the dissertation/thesis.

10. Academic, administrative and infrastructure requirement to be fulfilled by Schools / Departments for getting recognition for offering Ph.D. program

10.1. Post-graduate School/Department may be considered eligible to offer Ph.D. Programme only if they satisfy the availability of eligible Research Supervisors, required infrastructure and supporting administrative and research promotion facilities as per these Regulations.

10.2 Post-graduate School/Department may also access the required facilities of the neighboring Institutions/Colleges, or of those Institutions/Colleges/R&D laboratories/Organizations which have the required facilities.

10.3 Schools/Department with adequate facilities for research as mentioned below shall offer Ph. D. programs:

10.3.1 In case of science and technology disciplines, research laboratories with sophisticated equipment as specified by the School/Department concerned with provision for adequate space along with computer facilities and essential software, and uninterrupted power and water supply to be made available to research scholar

10.3.2 Earmarked library resources including latest books, Indian and International journals, e-journals, extended working hours for all disciplines, adequate space for research scholars in the Department/ library for reading, writing and storing study and research materials;

14.4. Research publications published in Journals through conferences will not be considered in category (13.1) and (13.2) for publication.

14.5. In all above publications first author should be research scholar followed by supervisor and

joint supervisor if any.

15. Synopsis Submission

At the end of three years candidate shall give a presentation of their work in front of research advisory committee. The work will be followed by submission of synopsis to Head of Research Centre. Three copies of synopsis should be submitted to Head of Research Centre through the guide, HOD and head of an institution with recommendations from research advisory committee. All the copies should be submitted to Head of Research Centre.

Change in Title:

A candidate may be allowed to change the title of his/her research work subject to approval by the research advisor committee and provided he/she applies for the change at least six months before the anticipated date of submission of his/her thesis or earlier. The candidate shall submit his application duly recommended by the guide, through the concerned H.O.D. If the change involves an altogether different topic from what was registered, the candidate shall not be allowed submission of his thesis unless he/she works for four more terms i.e. minimum prescribed period of Ph.D. study from the date of permission.

Change of Guide

A candidate maybe permitted by the Research Advisory Committee to change his guide provided he/she applies for the change and the application for change is consented by both the guides i.e. present and proposed. In case of dispute Vice - Chancellor's decision will be final.

16. Appointment of Referee

- Research guide/HOD/HOI will suggest and forward the list of four referees.
- Two of them should be from Maharashtra.
- And remaining two from out of Maharashtra.
- Contact details of the referee shall be shared with Head of Research Centre office on Annexure 9.
- Hon'ble Vice Chancellor will select two of them for further evaluation. Synopsis shall be forwarded to the selected referees for further evaluation. (Work will be done by Head of Research Centre office)
- The external referees should communicate their willingness or otherwise to evaluate

the Ph.D. thesis within one month of the receipt of University letter.

- External referees should submit their evaluation reports within one month of the receipt of the thesis in the prescribed proforma as mentioned in Annexure 13 along with a detailed report.

17. Final Thesis Submission

As per the recommendation of referees, students will do all the necessary corrections in their research work. Students will be given six months time to write and submit their final thesis after the remarks of referees. Initially, students will submit two spiral bound copies of the thesis. Those copies shall be sent to referees again for final confirmation. After confirmation, students will be advised to go for final binding of the thesis. Students need to submit three copies of the final thesis.

A) Submission

1. A candidate shall make a presentation of his / her thesis before Research Advisory Committee at least two months prior to submission of the thesis. The research student shall incorporate suggestions made by the committee and then only the thesis shall be submitted.
2. A candidate may submit his thesis any time during the year, after the completion of the minimum prescribed period of Three years with completion of Pre - Ph. D. theory course work.
3. A candidate has to submit 3 hard copies of the thesis and soft copies in 1 CD along with a certificate signed by the Supervisor and attested by the Head of the Department through Head of Research Centre to the Controller of Examination. (Extra copies if required by student can be kept with school)

In case the candidate does not submit his/her thesis within a period of six months the deposit will stand forfeited and he/she will have to pay a fine of Rs. 500/- per month of submission. The panel of examiners recommended will be valid for one year only.

B) The unanimous opinion of the external referees shall be accepted by the Vice-Chancellor.

The decision shall be in accordance with the opinions of the majority of external

referees. In the event of rejection by one external referee, next external referee shall be appointed by the Vice-Chancellor. If revision of the thesis is suggested by one of the external referees, the thesis shall be revised by the candidate for resubmission as suggested by the referee. The revised thesis shall be sent to the same referee (who has suggested the revision) for evaluation. If revision of the thesis is suggested by both the external referees, thesis is considered for resubmission provided that the following conditions are fulfilled.

Thesis rejected by all the external referees will not be considered for resubmission:

a) The revised thesis will have to be submitted by the candidate within the maximum period of two years.

b) The revised thesis shall be sent to the same referees for evaluation along with both the previous reports.

18. Open Defense and Viva Voce

- There shall be a viva-voce with Open Defense System.
- An open defense shall be conducted only after receiving positive reports from the referees.
- Internal referee (Ph.D. guide) and one external referee shall conduct the Viva Voce of the candidate.
- The subject expert or faculty nominated by Hon'ble Vice Chancellor shall act as a Chairperson. (The Head of the Department or the Dean of the concerned faculty or the senior teacher in the subject concerned nominated by the Vice - Chancellor shall act as a Chairperson for the open defense.)
- Remaining external referees can forward their concerns or queries to the selected referees for further discussion at the time of viva-voce i.e. other external referee may send questions in writing to the referees attending the viva - voce to seek clarification on any point in the thesis. However, queries raised by the external referees in their reports should be placed before the viva-voce.
- A chairperson, an external referee, and internal referee shall prepare a joint report of open defense and forward it through Head of Research Centre to Hon'ble Vice Chancellor and the respective School office.
- The recommendations shall be specific and final.
- They shall recommend either the award of the degree to the candidate or a fresh open

defense within six months if the performance of the candidate is unsatisfactory.

19. Declaration of Result

Minutes of Meeting for DYPU Admissions

4th July 2020

Suggestions From **Deepankar Bhattachary a Sir** – 1.Vision of product design should be human centric approach rather than product orientation. Should have all the basic design principles. 2. Understanding of different stake holders of different backgrounds, who are the fundamental design decision holders, such as (socio-cultural, political, economic etc) should form the start of design development process. 3. The learning objectives should be the shift from product to process and should focus on what the consumer wants and involve consumer before design of product. Students are lacking on handling projects with larger complexities, Course should focus on how students should tackle the larger level complexities of socio-cultural, political and economical factors. 4. Multi disciplinary approach. 5. There has to be greater understanding on 360 degree of product design and product cycle. Product design does not end only by selling the product but the product should go back to recycle and to the production cycle again. 6. The course should look at design beyond the realm of product but as a realm of experience. Understanding of people behavior of all age groups and complex systems and how products response to them (process of experience). 7. Transition from tangible to intangible (product to solutions). 8. Graphic design – Change of the course from graphic design to communication design. 2% to 3% client spent on print media. Current trend of virtual reality (far beyond the space).	Prof. BM Prof. AD	BoS. Chairman
Suggestions From **Chandrashekhar Sir** – 1. Curriculum should be accepted by the world. 2. Compartilization is old school of thoughts. 3. Rethink as designers. Design as expensive component.	Dr. UJ	BoS. Chairman
Suggestions from **Miss Gauri Chincholkar** – 1. A lot of change in the design world in the last 10 years. Changes in whole process in terms of design thinking. 2. Comparison in syllabus of different schools is good idea but one should focus on having its own vision. 3. Skills a student should have after completing B.design course – student should be more challenge takers, they should be entrepreneurs rather than student searching for placement. Minutes of Meeting for DYPU Admissions

4th July 2020

4. End of product should be of equal importance, entire life cycle of the product. 5. Ergonomics in product design – any product we use today is only physical product but it has to be also interactive. Cognitive ergonomics to be looked at as well in product design. 6. Students should understand the intellectual properties of product design. 7. Human centered research, In order to study the ethnographic of a person, designer should go and stay with the people, and study what they do and how they behave. 8. Graphic design – the concept of using the term graphic design has become primitive (the term should be renamed and rethought).		
Suggestions from **Ar. Seema Bahirat Maam** – 1. Specification writing and estimation should be added for all the three streams. Cost of product and the process is important. 2. Students should have understanding of effects of climate on products and interior spaces. 3. Course content should have professional practice and market orientation to students. 4. Technical graphics can be in 2nd year rather than 1st year and first year should focus more on hand drawn skills. 5. Research as a subject can be added separately. 6. Prototype in product design can be split into two types (mechanical and electrical based projects). 7. Exhibition design lacking in graphic design. 8. Design projects have to be there for all the semesters in Interior design. 9. Materials and construction technology is missing, detail construction of interior should be added. Working drawings, services such as acoustical, fire fighting, electrical etc should be included in interior design course content.	Prof. SP	BoS, Chairman
Suggestions from **Miss Aditi Pawar** – Give suggestions from the student perspective: 1. Course should focus on student's exploration, visits, and industrial visits to connect to the people. 2. Student should feel connected to people. 3. Communication skills to take the insights and student should develop the skill of communicating with people more.	Prof. BM	BoS, Chairman

Minutes of Meeting for DYPU Admissions

4th July 202

4. To connect the students to the real world and help students to build a network.
5. Form exploration should be in 1st year and not in later years.
6. Field research should be first priority making students more comfortable for self-development.

Conclude of session by Dr. Uma Jadhav Maam –

1. Conclusion on the insights on the entire syllabus and the inputs given by the experts.
2. Best observations:
   - Human centric and user centric approach.
   - Multi-disciplinary approach.
   - Shift from product to process.
   - Recycling lifecycle of a product (360 degree design solutions should be incorporated.
   - Graphic design to Communication design (reframing the course).
   - All the points discussed to be incorporated to have a vibrant syllabus.
   - Based on the expert insights syllabus to be revised in next 8-10 days and will be circulate among all the experts to have the further approval.

Deepankar Bhattacharya

I am a strategic design consultant and partner clients in developing user-centred problem-solving processes. We use design thinking as a strategic tool to identify opportunities, define problems, develop and execute creative solutions in the context of systemic challenges.

I also conduct workshops for corporations.
'Our methods map systems and attempt to understand user journeys and experience at all points of interface. This allows us to gain insight into user concerns, identify problem areas from the user's point of view and develop processes that address those concerns, thereby enhancing user experience and contributing to profitability'.

Images Communications, a design and consultancy firm that I found in 1984 has been offering communication design services across several sectors to corporations, government and NGOs.

I study and research Design Thinking, its methods, processes and concerns and write on design issues. I consult, teach and regularly conduct workshops at schools of Design and Management.
I am also a member of the Academic Council at Ajeenkya DY Patil University.

I had my earliest education in design at National Institute of Design, Ahmedabad, as a member of its first under-graduate batch and have since, practiced and taught it in various settings.

Examples of professional projects would include

- Design of the first Design magazine in India - 'Inside Outside'
- Design and Management of corporate identity programme for Calico group with Ivan Chermayeff (Chermayeff & Geismar) as consultant.
- Travel in Indian interiors studying and documenting objects of everyday use, resources and lifestyles
- Design of products including blood pressure monitors and voltage stabilisers for SUVIK.
- Developing communication tools in the areas of health, education and women's issues for projects in rural areas in various parts of India.
- Product launches for Dr. Reddy's Laboratories for the China market.
- Exhibition for National Wastelands Development Board inaugurated by then prime-minister Mr. Rajeev Gandhi
- Member of National Design Team (2011), Dandi Memorial Project, Ministry of Culture, Government of India. *IIT Bombay is the coordinating agency.*

2.3 Prof. Utpal Sharma suggested that, Landscape urbanisim is an important aspect as an elective & Photography also to be introduced as an elective.	Ar.PK	Dr. RD
2.4 Prof.PushkarKanvinde suggested that,End of semester examination for Design Studio,End of semester examination for Design studio Subjects are too many; they can be reduced to lessen workload Visual Art Studio + you need to be specific in its name Working Drawing should not have Viva.	Ar.SN	BoS-Chairman
2.5 The student work needs to be explicit in evalgation without any explanation by the student Viva also should not be for graphics and other architecture drawings Syllabus should be as small as possible and give overall intent. Details can be worked out by the concerned faculty in teaching plan.	Dr. UJ	BoS-Chairman
2.6 Up to 4th semester the design exercise need not be site specific, putting real time site constraints on student resulting in his/her compromising creativity. Without giving site, it can be region specific. Reduce no. of subjects Aesthetic appraisal - analysing two buildings from the architectural principles they are taught will be appropriate.	Dr. RD	Dr. RD
2.7 Multiple exit options should be created during 5 year B Arch program Gradual reduction in teaching component up to third year, and thereafter practically no teachingapproach to be adopted.	Prof. OS	BoS-Chairman
2.8 DrSushmaJogiekarsuggested, Services should be fully taught by 6th Semester	Prof. SN	BoS-Chairman
2.9 Its understanding should be adequately demonstrated in actual layouts by student, -it should be application based.	Prof. AS	BoS-Chairman
2.10 Ar.Ajay Kulkarni Site appreciation need not be a separate subject, It can be part of Design Studio Vision of the School - I shall suggest: I have idea, I shall work it out.	Prof. SN	BoS-Chairman

2.2 Ar. Seemanthini Nakil explained in detail the revised course structure of 3rd year, 4th year and 5th year. • Explained detailed structure of each subject's objective and course intent. • Detailed syllabus of 3rd year, 4th year and 5th year was presented.	Ar. SN	BoS-Members
2.3 Ar. Omkar Samudra: • End of every semester – Practical training, replaced the summer projects. • Communication skills were found to be a miss in today's context. Appropriate communication is a must amongst all professionals. It is added to form a part of professional practice.	Ar. OS	BoS-Members
2.4 Ar. Ajay Kulkarni: • Thesis – Studio based or periodical • Meet periodically – Some essential parts of thesis should be carried out in the presence of thesis guides and joint presentations in studio will help improve the quality of student's works as we have faced issues in education due to Covid. • The list of electives is found to be interesting: it is found to be beneficial to senior students with balanced coverage. Check the possibility to add BIM too. • Thesis as a final reward of B. Arch course, student demonstrates the excellent work. It is the final collage of all work. etc. are to be emphasized. The research connection is seen. However, to make it cohesive, 7th semester onwards there could be an elective on critical writing that can have positive approach on final thesis work. Ar. Omkar Samudra explained about the procedure followed at DYPU for thesis internal juries and its result that have surfaced in the earlier batches.		
2.5 Ar. Pushkar Kanvinde: • Has agreed with the suggestions received from Ar. Ajay Kulkarni for thesis. Also, he has suggested looking for NEP provisions by COA in detail. Also, the credits given for each semester should be according to COA Norms.	Ar. PK	BoS-Members
2.6 Ar. Utpal Sharma: • Architectural thesis should have more weightage in final year, as possibilities are there to increase the credits and hours. • Elective courses: adding a greater number of elective can help students to get the more score at 5th Year. • Students should learn how to work on Estimation while learning Working drawings. • Total number of credits should be equal for all semester. • Practical training & Architectural Thesis: increase the credits and hours of 8th Semester for practical training and 10th Semester thesis project. • Adding elective options like Professional ethics, Project negotiating, etc. • Effective communication skills are very important for all students. They should also emphasize appearance as that builds confidence within the students.	Ar. US	BoS-Members
2.7 Dr. Supriya Nene: • Related study project credits should increase to get the student attention and should integrate with Architectural Design Programmes at every odd semester.	Dr. SN	BoS-Members

Minutes of Meeting for DYPU Admissions

4th July 2020

Suggestions From **Deepankar Bhattacharya Sir** – 1. Vision of product design should be human centric approach rather than product orientation. Should have all the basic design principles. 2. Understanding of different stake holders of different backgrounds, who are the fundamental design decision holders, such as (socio-cultural, political, economic etc) should form the start of design development process. 3. The learning objectives should be the shift from product to process and should focus on what the consumer wants and involve consumer before design of product. Students are lacking on handling projects with larger complexities. Course should focus on how students should tackle the larger level complexities of socio-cultural, political and economical factors. 4. Multi disciplinary approach. 5. There has to be greater understanding on 360 degree of product design and product cycle. Product design does not end only by selling the product but the product should go back to recycle and to the production cycle again. 6. The course should look at design beyond the realm of product but as a realm of experience. Understanding of people behavior of all age groups and complex systems and how products response to them (process of experience). 7. Transition from tangible to intangible (product to solutions). 8. Graphic design – Change of the course from graphic design to communication design. 2% to 3% client spent on print media. Current trend of virtual reality (far beyond the space).	Prof. BM Prof. AD	BoS, Chairman
Suggestions From **Chandrashekhar Sir** – 1. Curriculum should be accepted by the world. 2. Compartilization is old school of thoughts. 3. Rethink as designers. Design as expensive component.	Dr. UJ	BoS, Chairman
Suggestions from **Miss Gauri Chincholkar** – 1. A lot of change in the design world in the last 10 years. Changes in whole process in terms of design thinking. 2. Comparison in syllabus of different schools is good idea but one should focus on having its own vision. 3. Skills a student should have after completing B design course – student should be more challenge takers, they should be entrepreneurs rather than student searching for placement.	Prof. BM Prof. AD	BoS, Chairman

Minutes of Meeting for DYPU Admissions

4th July 2020

4. End of product should be of equal importance, entire life cycle of the product. 5. Ergonomics in product design – any product we use today is only physical product but it has to be also interactive. Cognitive ergonomics to be looked at as well in product design. 6. Students should understand the intellectual properties of product design. 7. Human centered research, in order to study the ethnographic of a person, designer should go and stay with the people, and study what they do and how they behave. 8. Graphic design – the concept of using the term graphic design has become primitive (the term should be renamed and rethought).		
Suggestions from **Ar. Seema Bahirat Maam** – 1. Specification writing and estimation should be added for all the three streams. Cost of product and the process is important. 2. Students should have understanding of effects of climate on products and interior spaces. 3. Course content should have professional practice and market orientation to students. 4. Technical graphics can be in 2nd year rather than 1st year and first year should focus more on hand drawn skills. 5. Research as a subject can be added separately. 6. Prototype in product design can be split into two types (mechanical and electrical based projects). 7. Exhibition design lacking in graphic design. 8. Design projects have to be there for all the semesters in Interior design. 9. Materials and construction technology is missing, detail construction of interior should be added. Working drawings, services such as acoustical, fire fighting, electrical etc should be included in interior design course content.	Prof. SP	BoS, Chairman
Suggestions from **Miss Aditi Pawar** – Gave suggestions from the student perspective: 1. Course should focus on student's exploration, visits, and industrial visits to connect to the people. 2. Student should feel connected to people. 3. Communication skills to take the insights and student should develop the skill of communicating with people more.	Prof. BM	BoS, Chairman

I am a strategic design consultant and partner clients in developing user-centred problem solving processes. We use design thinking as a strategic tool to identify opportunities, define problems, develop and execute creative solutions in the context of systemic challenges.

I also conduct workshops for corporations.
Our methods map systems and attempt to understand user journeys and experience at all points of interface. This allows us to gain insight into user concerns, identify problem areas from the user's point of view and develop processes that address those concerns, thereby enhancing user experience and contributing to profitability'.

Images Communications, a design and consultancy firm that I found in 1984 has been offering communication design services across several sectors to corporations, government and NGOs.

I study and research Design Thinking, its methods, processes and concerns and write on design issues. I consult, teach and regularly conduct workshops at schools of Design and Management.
I am also a member of the Academic Council at Ajeenkya DY Patil University.

I had my earliest education in design at National Institute of Design, Ahmedabad, as a member of its first under-graduate batch and have since, practiced and taught it in various settings.

Examples of professional projects would include:

- Design of the first Design magazine in India - 'Inside Outside'.
- Design and Management of corporate identity programme for Calico group with Ivan Chermayeff (Chermayeff & Geismar) as consultant.
- Travel in Indian interiors studying and documenting objects of everyday use, resources and lifestyles
- Design of products including blood pressure monitors and voltage stabilisers for SUVIK.
- Developing communication tools in the areas of health, education and women's issues for projects in rural areas in various parts of India.
- Product launches for Dr. Reddy's Laboratories for the China market.
- Exhibition for National Wastelands Development Board inaugurated by then prime minister Mr. Rajeev Gandhi
- Member of National Design Team (2011), Dandi Memorial Project, Ministry of Culture, Government of India. *IIT Bombay is the coordinating agency.*

COURSE, PERIODS OF STUDY AND SUBJECTS OF EXAMINATION UNDER CHOICE BASED CREDIT SYSTEM FOR THE DESIGN DEGREE PROGRAM:

In a student/ learner centric system, the courses of study in the Architecture Degree program shall be as under:

1. Professional Core (PC) Course: A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.
2. Design Sciences and Applied Engineering (DS & AE) Course: A course which informs the Professional core and should compulsorily be studied.
3. Elective Course: Generally a course which can be chosen from a pool of courses and are of two types:
   i. Professional Elective (PE) which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope
   ii. Open Elective (OE) which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill
4. Employability Enhancement Courses (EEC) which may be of two kinds: Employability Enhancement Compulsory Courses (EECC) and Skill Enhancement Courses (SEC)

D.Y. Patil University Ambi, Pune 410507

The suggested list of courses under each of these groups is as under:

Professional Core (PC)			
1	Fundamentals of Design	8	Captured Audio-Video and Image Design
2	Form Studies	9	Elements of Design
3	Visual Language Syntactic	10	Creative Thinking Process and Methods
4	Studies In Typography	11	Design Management
5	History of Design	12	Design, Storytelling and Narratives
6	Principles/ Theory of Design	13	Communication & Aesthetic Theories
7	Industrial Training	14	Summer Project

Product Design

Product design is a means of adding value to a product by ensuring that its layout is attractive to the customer. Product design is all about trying to link customer needs to product attributes, therefore providing the customer with value.
"Good design satisfies customers and communicates the purpose of the product to its market. The objective of a good product design is to satisfy the customer by meeting their actual needs or expectation. This therefore enhances the competitiveness of the organisation; product design can therefore be starting and ending with the customer.

Every product that is manufactured by any organisation is supposed to have a distinguishing physical characteristic which will make it attractive to customers, these characteristic is known as a design. Product design therefore is all about manufacturing a product that will attract the customer and provide value for them. Since the design of a product is the first impression a customer has about a product there is therefore the need for organisations to design products that meet and exceed the customer's expectations.

Process of Product design

There is a three-pronged process of Product design.
1) Analysis / Observation – You observe your customers to understand their behavior and to note down things which are a hindrance in the purchase process. Many a times marketers might skip this step (like Steve Jobs) because they feel that it is not the job of the customer / it is impossible for the customer to think what he wants.

2) Concept / Ideation – At this stage, various prototypes are created based on concepts. These concepts are just ideas and when compared with each other on the holistic ideas, some of the ideas will be better than the rest. Pure creativity is involved at this stage. This is what the R&D department always does .

3) Synthesis / Implementation – Once you have finalised a prototype product you pilot launch it in the market. If approved, the product can then go for mass production.

The Foundation Programme

The Foundation Programme is geared to assist in developing values, attitudes, sensorial skills and aesthetic sensitivity necessary for specialisation in design. It introduces students to the fundamentals of design and orients students to thinking of design as a creative problem-solving process. It helps develop an evolved 'design' perception and attitude, understanding of multidisciplinary nature of design and relationship of design with environment, culture, human senses and emotions.

Basic design 'studio' courses are augmented by introductory studies in Science and Liberal Arts, to develop world view and understanding of Indian milieu. It helps enrich conceptual thinking, insight for design concerns, design processes and prepares one to start thinking about eventual solutions. It aspires to create an awareness of the changing environment by constantly relating the students' learning to real life situations.

It provides the necessary direction, stimuli, facilities and experience to foster creativity and thereby help each individual to discover their own identity and potential. The Foundation Programme is the basis on which the remaining design curriculum is built.

Graphic Design

"Graphic design is the process of visual communication and problem-solving through the effective use of typography, photography, iconography and illustration. The field is a subset of visual communication and communication design. Graphic designers create and combine symbols, images and text to form visual representations of ideas and messages. Creative use of typography, visual arts, and page layout techniques to create visual compositions, is the soul of Graphic Design. Common applications of graphic design include corporate design (logos and branding), editorial design (magazines, newspapers and books), way finding or environmental design, advertising, web design, communication design, product packaging, signage and now the Internet and Social media as a growing medium.

We at DYPUSOD, Ambi, acknowledge all these factors and expose students to all the aspects which need to be taught. We focus on giving hands on experiences through in-house sessions, guest series, workshops, site visits and study tours. We encourage students to go a step ahead, challenge, stretch them and help them achieve what they think is impossible.

Interior Design

"Interior design is the process of shaping the experience of interior space, through the manipulation of spatial volume as well as surface treatment. Not to be confused with interior decoration, interior design draws on aspects of environmental psychology, architecture, and product design in addition to traditional decoration

Interior design has been around for more than 100 years and right from its inception has been aiming to transform what seems basic to something alluring.

Over the years it has taken a lead role when it comes to putting up residential areas, office facilities, commercial developments and institutions such as hospitals, schools, and religious centers and the role of interior design in architecture has become more prominent as the years go on, spaces that are designed are now to be considered with the furniture and decor they are going to feature once complete.

- The interior design plans for the available space and ensures that all the intended functions of the room are done efficiently, making sure that each piece added or removed is done so with a reason and whatever is being added fully improves the lives of those who interact with the space in question.
- An interior designer's priorities are on the safety of the inhabitants of a given space.
- Interior designers will also give uttermost importance to the requirements of people with special needs and ensure that they also have a smooth time utilizing a given area, whether that's adding ramps into heavily stared areas or railings to ensure people feel safe when using the space.

Product Design

Product design is a means of adding value to a product by ensuring that its layout is attractive to the customer. Product design is all about trying to link customer needs to product attributes, therefore providing the customer with value.
"Good design satisfies customers and communicates the purpose of the product to its market. The objective of a good product design is to satisfy the customer by meeting their actual needs or expectation. This therefore enhances the competitiveness of the organisation; product design can therefore be starting and ending with the customer.

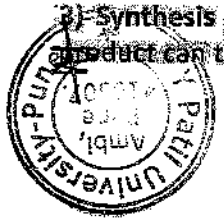

Every product that is manufactured by any organisation is supposed to have a distinguishing physical characteristic which will make it attractive to customers, these characteristic is known as a design. Product design therefore is all about manufacturing a product that will attract the customer and provide value for them. Since the design of a product is the first impression a customer has about a product there is therefore the need for organisations to design products that meet and exceed the customer's expectations.

Process of Product design

There is a three-pronged process of Product design.
1) Analysis / Observation – You observe your customers to understand their behavior and to note down things which are a hindrance in the purchase process. Many a times marketers might skip this step (like Steve jobs) because they feel that it is not the job of the customer / it is impossible for the customer to think what he wants.

2) Concept / Ideation – At this stage, various prototypes are created based on concepts. These concepts are just ideas and when compared with each other on the holistic ideas, some of the ideas will be better than the rest. Pure creativity is involved at this stage. This is what the R&D department always does .

3) Synthesis / Implementation – Once you have finalised a prototype product you pilot launch it in the market. If approved, the product can then go for mass production.

Regulations for the Recruitment Process

1. Faculty Requirement

a. The requirements of the academic faculty shall be reviewed as per the programs, course requirement and subject workload for the academic year and/or before the commencement of the semester.

b. Academic faculty positions at D Y Patil University, Pune (hereinafter referred as the 'University'), shall be created in a pyramidical order for instance for **one post of Professor there shall be two post of Associate Professors and six post of Assistant Professors** for each Department of the University / School. However, the University may follow the guidelines of UGC or respective regulatory bodies in these regards.

c. All the vacant sanctioned /approved posts in the University shall be filled up on a yearly basis and if required on an urgent basis, through the special advertisements.

d. The increase/decrease in the manpower to be determined in consultation with Dean/Director/ Principal/HOD in the departments/school/s such as the 'number of posts' , based on the 'Teaching Load' (calculated based on the 'Curricula /Program Structure', ' Number of Credits' and ' Contact Hours', number of batches, faculty : Student Ratio, the cadre ràtio, mentioned above, shall also be taken into consideration while determining the number of positions, to be filled in that year/ semester/ or urgency. While determining the number of positions to be advertised, 'promotion', 'retirement', 'resignation', 'replacement' or closure of the program, 'workload' of individual faculty and/or any other requirement arises due to the growth, new programs etc. shall also be taken into consideration.

e. Vacant / New positions will be initiated by the Registrar, recommended by HR department and to be approved by the University authorities. For the same, HR department will take the view of vacant/ new positions every year (submitted by the Dean/Director/ Principal/HOD). In addition to the above, the review shall also take into consideration the number of positions lying vacant due to the superannuation/s, resignation/s, medical incapacitation, or death. HR department will submit the status of vacant positions for publishing an advertisement.

f. Further, the requirement of manpower vis-à-vis due to increase/ decrease and reallocation will form the basis for new recruitment/ transfer/realignment/ reassignment etc.

g. The 'University Structure' to be reviewed by the University authorities, from time to time, due to growth/de-growth of academic units/schools/departments etc.

2. **Release of the Advertisement for Vacancies:**

The academic teaching positions with eligibility criteria, experience and required competencies for the positions to be sent by Registrar for the advertisement. The draft of the advertisement shall be submitted for approval by the University authorities. The advertisement shall be published in renowned newspapers at national level / state level/ or region or district level.

The University will release/issue advertisement for recruitment giving at least 15 days time from the date of publication of the advertisement, for candidates to apply for the vacant positions.

Other sources for inviting application/s from desirable candidate/s may be used such as existing data bank, consultants/search firms, and job portals.

3. **Short listing of applications**

a. Screening committee / scrutiny committee to be formed to short-list the candidates as per the eligibility criteria and experience. The University shall reserve the right for the number of candidates to be called for interview, based on the recommendations of screening committee or scrutiny committee constituted.
b. The scrutiny committee for applications may evolve criteria for shortlisting the candidates to be called for interview as per the guidelines of regulatory authorities in consultation with the Vice Chancellor / Registrar.
c. The composition of the scrutiny committee shall be as follows Dean/Director/Principal/ HOI/Head of the Department of the concerned (not below the rank of Professor) Professor of the concerned subject, Two- subject experts preferably one external.

4. **Selection committee:** A Selection committee is constituted from among the following officers for faculty recruitment. The Vice Chancellor (in absence of the Vice Chancellor nominee of the Vice Chancellor) will be the Chairperson of the committee.

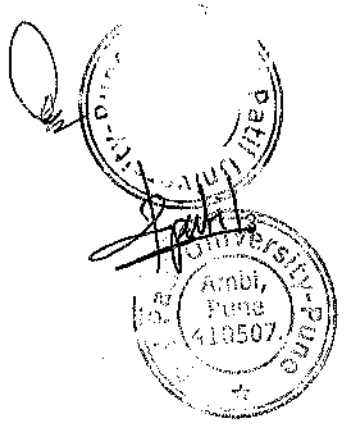

I. Vice Chancellor to be the Chairperson of the Selection Committee.

II. An academician who is the nominee of the President, wherever applicable.

III. Three experts in the concerned subject/field nominated by the Vice Chancellor based on the suggestion of the Dean/Director/Principal/HOI/HOD of the concerned School/Department.

IV. Dean of the faculty, wherever applicable.

PART III

CATEGORY I: TEACHING, LEARNING AND EVALUATION RELATED ACTIVITIES

Brief Explanation: Based on the teacher's self-assessment, API scores are proposed for (a) teaching related activities; (b) domain knowledge; (c) participation in examination and evaluation; (d) contribution to innovative teaching, new courses etc. The minimum API score required by teachers from this category is 75. The self-assessment score should be based on objectively verifiable criteria wherever possible and will be finalized by the screening/selection committee.

No.	Nature of Activity	Maximum Score	Self-Assessment Score	Verified by HOD
1	Lectures, seminars, tutorials, practical, contact hours undertaken taken as percentage of lectures allocated			
2	Lectures or other teaching duties in excess of the UGC norms			
3	Preparation and Imparting of knowledge / instruction as per curriculum; syllabus enrichment by providing additional resources to students			
4	Use of participatory and innovative teaching learning methodologies; updating of subject content, course improvement etc			
5	Examination duties (Invigilation; question paper setting, evaluation/assessment of answer scripts) as per allotment.			
	Total Score			

supporting documents, wherever required be attached.

CATEGORY II: CO-CURRICULAR, EXTENSION AND PROFESSIONAL DEVELOPMENT RELATED ACTIVITIES.

Brief Explanation: Based on the teacher's self-assessment, category II API scores are proposed for co-curricular and extension activities; and Professional development related contributions. The minimum API required by teachers for eligibility for promotion is 15. A list of items and proposed scores is given below. It will be noticed that all teachers can earn scores from a number of items, whereas some activities will be carried out only by one or a few teachers. The list of activities is broad enough for the minimum API score required (15) in this category to accrue to all teachers. As before, the self-assessment score should be based on objectively verifiable criteria and will be finalized by the screening/selection committee.

S. No.	Nature of Activity	Maximum Score	Self Assessment Score (to be filled by applicant)	Verified API Score (for official use)
1	Student related co-curricular, extension and field based activities (such as extension work through NSS/NCC and other channels, cultural activities, subject related events, advisement and counseling)			
2	Contribution to Corporate life and management of the department and institution through participation in academic and administrative committees and responsibilities.			
3	Professional Development activities (such as participation in seminars, conferences, short term, training courses, talks, lectures, membership of associations, dissemination and general articles, not covered in Category III below)			

Supporting documents, wherever required be attached.

CATEGORY-III: RESEARCH AND ACADEMIC CONTRIBUTIONS

Brief Explanation: Based on the teacher's self-assessment, API scores are proposed for research and academic contributions. The minimum API score required by teachers from this category is different for different levels of promotion and between university and colleges. The self-assessment score will be based on verifiable criteria and will be finalized by the screening/selection committee.

Sports Club

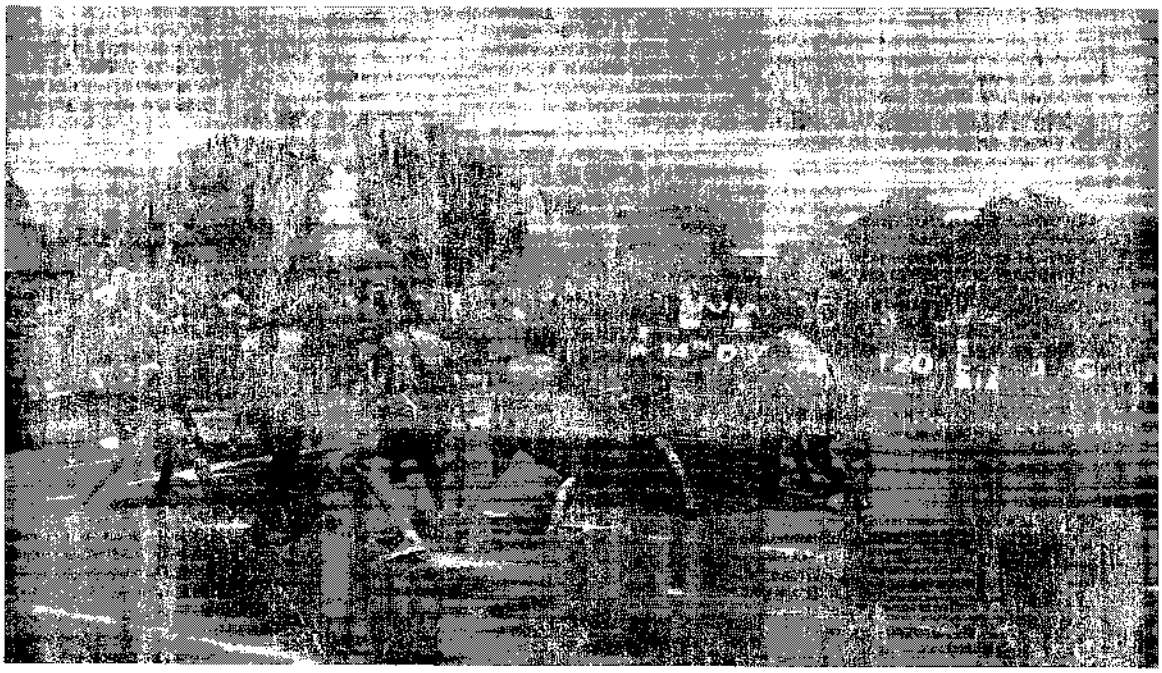

The DYPU Ambi campus has the second-largest multi-sports stadium of its class. Primarily used for Cricket, it's a brainchild of the DYPU's dynamic President Dr. Vijay Patil. To honor his ambitious vision, DYPU organizes 'Dr. Vijay Patil Sports Meets'. It's an interschool and intercollege mega sports competitions under one umbrella. More than 105 matches under 12 categories take place. These categories include Cricket, Football, Basketball, Volleyball, Athletics, Kabaddi, Kho-Kho, Badminton, Throw-ball, Dodge-ball, and indoor games Carom, Table- Tennis. More than 1500 players from various colleges enthusiastically anticipate and participate in the event.

Accommodation

D. Y. Patil University, Ambi, Pune offers separate hostel facilities for male and female students, designed to foster camaraderie, confidence, and discipline in a safe, comfortable learning environment. Hostel life provides ample opportunities for academic development and skill acquisition through extended access to campus facilities like libraries. It also encourages social interaction and personal growth, helping students form lasting friendships and develop resilience. Newcomers find a second home in these hostels, which include a newly constructed multi-story building for over 700 students and two additional buildings housing 300 more. The hostels feature spacious, well-ventilated rooms with garden views, and amenities such as a dining hall, common room, medical facilities, and a gym

ADMINISTRATION

The administration of the hostel at D. Y. Patil University, Pune, Ambi, is overseen by a Warden in coordination with the Registrar. Support in rule enforcement and hostel management is provided by Deputy Wardens/Counsellors. A Core Committee, established by the university, assists in the overall administration and addresses core hostel issues. The Hostel Office and the Warden's Residence are conveniently located within the hostel premises, ensuring seamless operation. The hostels are staffed with attendants, housekeeping, and other personnel responsible for the daily operations and maintenance, ensuring a well-managed living environment for the students

ADMISSION PROCEDURE

- Seats are allotted through a random selection process based on responses to the Online Hostel Enquiry Form.
- Certain seats are reserved for Reserved Category/Weaker section/International students, adhering to the university's policy.
- Admission and continued residency are contingent upon academic performance and good behavior.

D.Y. Patil University, Ambi, Pune 410507.

- Rooms are assigned for the academic year and changes are only made under special circumstances with Rector approval

Strength of the University

1. Infrastructure and Lush Green Campus

The university boasts a state-of-the-art infrastructure that supports both academic excellence and student well-being. The lush green campus provides a serene and peaceful environment conducive to learning. The ample green spaces, well-maintained gardens, a flood light equipped cricket stadium, and natural surroundings help reduce stress and promote a balanced lifestyle for students. Additionally, the campus is equipped with modern facilities like libraries, laboratories, sports complexes, recreational spaces, and hostels, which ensure a comfortable and holistic student experience.

2. Brand Name and Legacy of D.Y. Patil University

D.Y. Patil University is recognized as a prestigious educational institution, with a long-standing legacy of over three decades in providing quality education across various disciplines. Its brand name is synonymous with academic excellence, and the university's history of nurturing successful professionals across sectors adds significant value to its reputation. This legacy attracts top students and faculty, strengthening the university's position in the higher education landscape.

3. Passionate and Visionary Promoters

The promoters of D.Y. Patil University are driven by a vision of creating a world-class educational institution that provides high-quality learning experiences and empowers students to excel in their chosen fields. Their passion for education and commitment to advancing knowledge ensure that the university remains at the forefront of innovation and academic progress. Their focus on student development and academic quality nurtures a thriving educational environment that attracts both national and international students.

4. Strong Industry Connect

D.Y. Patil University has established strong connections with a variety of industries, providing students with opportunities for internships, projects, and placement support. These industry tie-ups ensure that the curriculum remains relevant to the changing job market and equips students with skills that are in demand. The university's strategic collaborations with leading companies and organizations offer practical exposure to real-world challenges, enhancing employability and career prospects for its graduates.

5. Multidisciplinary Environment

The university nurtures a multidisciplinary approach to education (nine different schools are at the campus), allowing students to explore and develop expertise across various fields. This environment encourages cross-disciplinary collaboration, critical thinking, and innovation. Whether in engineering, business, healthcare, or architecture, students at D.Y. Patil University could engage with diverse perspectives, thereby broadening their knowledge base and improving their ability to solve complex problems.

6. Affordable Fee Structure

Compared to many other reputed private institutions, D.Y. Patil University offers a relatively affordable fee structure. This makes it an attractive option for students from various financial backgrounds, ensuring that a quality education is accessible to a larger segment of society. The reasonable fee structure enables students to pursue their academic and career goals without financial barriers.

7. Faculty Achievement

Our faculty members are deeply involved in research activities, regularly publishing papers in high-quality journals, securing copyrights, and filing patents. They actively engage in prestigious research conferences, contributing to academic advancements. In addition to their research pursuits, we organize faculty development programs and encourage faculty members to participate in external development opportunities, fostering continuous professional growth.

8. Student Development

At D Y Patil University, we take great pride in our vibrant student council, which organizes a variety of competitions, co-curricular and extra-curricular events and celebrates all major festivals on campus. Our students are actively engaged in numerous competitions, co-curricular, and extracurricular activities. We encourage students to collaborate with faculty members on research projects, enabling them to publish papers and secure patents, thereby contributing to academic innovation and development.

9. Antrang

Antrang is the University's annual cultural extravaganza, a week-long event organized by students under the guidance of faculty members. It provides a platform for students to showcase their talents in various cultural programs, such as dance, drama, music, skits, and more. The event also includes inter-school competitions, promoting creativity and fostering a spirit of friendly competition among students.

10. Honhar Bharat:

Honhar Bharat is the flagship program of the University, held annually for 2-5 days to provide a platform for discussions, discourse and debate on topics of national importance. The event attracts a wide array of prominent figures, including thinkers, philosophers, social workers, corporate leaders, entrepreneurs, and bureaucrats. This initiative benefits students, faculty, and society at large by promoting insightful discourse and contributing to societal development.

11. Rajbir Trophy:

The Rajbir Trophy is our annual sports event, held over a week, featuring inter-school competitions in sports such as Chess, Football, Cricket, Volleyball, Basketball, Kho-kho, Kabaddi, and more. The event promotes teamwork, resilience, and perseverance, helping students develop essential life skills like accepting failure, building endurance, and fostering a sense of camaraderie.

12. Student Clubs:

Students on campus have ample opportunities to explore and nurture their interests by joining various clubs, such as the Mudra Club, Astronomy Club, Coder Club, and Photography Club. These clubs

provide a platform for students to engage in activities related to their passions, from stargazing and coding to capturing stunning visuals. Additionally, the Film Club and Singing Club offer creative outlets for students interested in filmmaking and music. For those with a flair for drama and performance, the Theatre Club is the ideal space to hone acting skills. The Storytelling and Book Reading Clubs foster a love for literature and narrative expression. Meanwhile, the Sports Club organizes a variety of competitions and events to keep students physically active and connected through team activities.

13. National Cadet Corps (NCC)

At D.Y. Patil University, students actively participate in the National Cadet Corps (NCC), an organization under the Ministry of Defence, Government of India. The NCC wing aims to develop selected cadets' personalities, instill a sense of duty, discipline, professional skills, and patriotism. Through rigorous training, NCC fosters qualities such as leadership and commitment, preparing cadets to contribute meaningfully to nation-building. The program emphasizes responsibility, social integration, and a strong sense of national pride, encouraging students to serve both the country and their communities.

14. National Service Scheme (NSS)

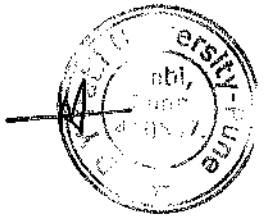

The National Service Scheme (NSS) at D.Y. Patil University, Pune, is an initiative designed to engage students in public service and community development. Launched by the then Union Education Minister V.K. Krishna Rao in 1969, NSS is a voluntary program that encourages students, both male and female, who are above the age of 18, to actively participate in various social welfare activities. The program aims to promote social responsibility, leadership, and awareness among students, encouraging them to make a positive impact on society while building a sense of unity and service.

15. International Collaboration

D.Y. Patil University, Pune, has made significant efforts to foster international collaboration, partnering with institutions such as INTI University, Malaysia, for student exchange programs. Additionally, we successfully organized an international Faculty Development Program (FDP) in collaboration with INTI University, with participation from 850 faculty members representing over 12 countries. Starting January 2025, the first batch of students from the Management and Engineering faculties will participate in a semester exchange program. We also have a partnership with USAI International, which facilitates global immersion experiences for students across various countries.

16. Student Academic Development

In alignment with the National Education Policy (NEP) 2020, D.Y. Patil University has introduced initiatives to enhance student learning. We actively encourage participation in MOOCs (Massive Open Online Courses) such as NPTEL, Coursera, SWAYAM, EdX, and more. Upon successful completion and examination, students are awarded academic credits, in accordance with UGC guidelines. Additionally, the university offers provisions for extra credits to further support student development.
